Existing Rule. Proposed Rule.

"Sandalwood" includes roots, billets, chips, dust or shavings, chips or dust of Sandalwood Containing oil, roots, billets, but does not include Sandalwood Charcoal or Sandalwood Tar.

"Sandalwood" includes roots, billets, chips or shavings, chips or dust of Sandalwood containing oil, roots, billets, but does not include Sandalwood Charcoal or Sandalwood Tar.

(2) No person shall sell or purchase or transport or be in possession of Sandalwood, unless he is in possession of a permit or pass issued in that behalf by the Forest Officer or Police Officer authorised in this behalf.

(2) No person shall sell or purchase or transport or be in possession of Sandalwood, unless he is in possession of a permit or pass issued in that behalf by the Forest Officer or Police Officer authorised in this behalf.

This restriction does not apply to whole Sandal trees obtained as a result of preparing fields for cultivation, and sold as such after the Kutki for Cultivation is finished, when they are removed to the immediate vicinity of the land on which they grow provided, in which the billets are sold etc.

13 The existing rules and the rules as they would read if the Govt's proposals are accepted are given side by side, above for facility of comparison.

14 The proviso under Rule 2 may perhaps read as follows :

Explanation : This restriction shall not apply to sandal chips and saw dust not containing any heartwood, sold at the Kotis for consumption as firewood, when they are moved within a radius of 3 miles of the municipality in which limits the Koti is situated."

Subject to appl A

15 The phrase "in the immediate vicinity of the Kotis" is, I submit, too vague. It would be very inquisitorial if the 'moving' of white sandal chips beyond the 3 miles limits is prohibited. So, I have suggested, subject to appl, a radius of 3 miles.

K.V.Anantharaman, Esquire, B.A.,
Secretary to the Government of Mysore,
Revenue Department, Bangalore.

SIR,

With reference to the correspondence resting with your letter No.IC.3846/Ft.96-24-2 dated the 5th December 1924 stating that Government see no reason for placing restrictions on the transport of white sandal chips, which contain no heartwood, I have the honour to state in reply that there are always traces of heartwood left in white chips and that it is not possible to secure punishments, when such chips are removed unless rules on the subject are duly promulgated by Government. I am of opinion that there could be no reasonable objection to our prohibiting the export of white chips far beyond the vicinity of the Koties as their movement from place to place over long distances cannot as already stated in my previous references be for any honest purpose. In the circumstances, I once more urge the necessity of restricting the free transport of the material beyond the neighbourhood of the koties.

I have the honour to be,

Sir,

Your most obedient servant,

B. V. Ramaiengar
